UNFINISHED BUSINESS

A. TCCAD Report

The report was reviewed. It was noted that while there were still occasional issues, for the most part the disciplinary procedures and changes in field supervision have had a positive effect in reducing or eliminating the excessively long chute times to post. Furthermore, there have been no further notifications of procedural concerns including crew friction, routes of travel, and radio etiquette.

NEW BUSINESS

A. Reports from District Accountant (informational only)

- a. Monthly Income Statement: September 2019
- b. Profit and Loss Summary: September 2019

Financial reports were presented by the District Accountant. It was noted that the GEMT funds were not showing on these financials but will show in the audited financials because they were booked in the prior year. As always, a concern is the high wage expense. The budget revenue projection is close to actual. Bad debt is hard to predict. The current quarter was compared with the same period from 2017 and were are within numbers from 2 years ago. We are seeing better cash flow.

The board asked the District Manager to check prior resolutions to see if there was a specific plan for monthly repayment of the LAIF fund.

District Accountant also noted that the audit team had already come in to complete their field

work, which was done in just 1 day, and we are awaiting further requests from them.

- B. Consider approval of agreement with Wittman Enterprises LLC for billing services and consider approval of related Business Associate Agreement with Wittman Enterprises LLC for compliance with HIPAA and related laws and authorize execution by District Manager.**

Moved to after closed session

- C. Discuss and consider alternatives for Board Meetings**

If there is a need to, a special meeting can be called. However the board agreed to schedule the next meeting for December 16 as the first date Ms. Mendez would be available. There will be no November meeting. District Manager will post this notice.

REPORTS FROM THE DISTRICT MANAGER (INFORMATIONAL ONLY)

PS reported that numbers for September and October are trending slightly lower than before and this still appears to be a county trend. We continue to be affected by seasonal illness, required vacations, and a shortage of two Full Time medics and one Full Time EMT. This has caused EDA to be only able to field two units for three days in September, although that meets our county requirement. We are on track to have three new Per Diem EMTs fully vetted and available in the next two weeks as well as filling both Full Time Medic positions by late November or early December. The Full Time EMT position will be filled by middle to late November.

Although we met our compliance for July and August, we failed to meet it for September. This is the first such failure since April 2018, and was actually caused by 4 unappealable late calls in our zone by AAV. In discussion with CCEMSA, there is nothing officially that we can do to appeal a compliance failure which is due to an outside agency, although it was suggested PS bring this up at the next IACC meeting in January. This is a minor breach and we are permitted two such breaches per calendar year.

PUBLIC COMMENT REGARDING CLOSED SESSION

- A. No public comments

CLOSED SESSION – 6:27pm

- A. Conference with Labor Negotiator pursuant to Government Code Section 54957.6**

HM noted that Wittman has accepted all our changes to the draft agreement: make effective date, add plan term of 3 years, and include an option for termination by either party with a 60 day notice.

AP moved to accept, TM second. 3-0-0

- Staffing
 - We still have one Medic out with a long term injury.
 - We have filled all open full time positions as of early December
 - We have 6 Per Diem Medics, and 8 Per Diem EMTs.
- Vehicles and Communications Equipment
 - All vehicles are operational and available

OPERATIONAL PERFORMANCE

There is some improvement in overall call and post move performance. Shift Leads are actively checking on crews as they respond to post moves. All three Shift Leads now have full Fleeteyes access which helps a great deal. We appear to have resolved the Lindsay/Lemon Cove shift starts, as well as the in-service status issues brought up by APATC. Some apparent behavior issues have also been resolved. The District Manager now has a standing Friday morning meeting with the Operations Manager at Imperial to review any performance or response issues quickly and resolve them.

The Shift Leads are testing new 2-in-1 laptops as likely replacements for the more expensive Surface tablets. These are working out well and we will likely pursue replacement of the ageing and failing Surface Tablets.

SCHEDULING

We have fully migrated to Aladtec and away from Sling and TimeClockWizard. This fully addresses our needs in scheduling, time-keeping, messaging, and crew certification tracking, as well as adding a few additional functions that will be very useful to EDA. Our current shift bid is effective through January 25th. The next official shift bid should begin the week of January 6th for the 12 week cycle beginning January 26th.

COMPLIANCE

We have met our compliance for July and August. However, In September we are below the 95% requirement and therefore are out of compliance. This is due to a combination of low call volume and 5 Late Calls within our zone. Of those, only 1 Late Call was an Exeter unit. The other 4 were all American units. I have appealed to CCEMSA without success other than being directed to appeal to IACC in January. This is a "minor" breach but does come with a \$400 additional fine.

THREE RIVERS COMMUNITY SOLUTION

No change

INSURANCE

We were able to acquire a new Business package just as the prior policy expired. Although with a different carrier, the coverage is essentially identical and we were lucky to have it come out at slightly less than the prior plan.

SYSTEM STATUS MANAGEMENT

We continue to work through the changes in the SSM plan that have resulted from AAV's changes to how their staffing has changed with the surge units. The immediate impact thus far is that we are seeing an average of one less transport per day due to much less posting in Visalia.
